

Knight Learning
SMSTS Information Pack

Training Centres.

Welcome.

Knight learning is the UK's largest training provider; we pride ourselves in training some of the brightest talent. We provide training services to businesses, public sector organisations, manufacturers and individuals throughout the UK. We have trained over a million students who have all gone on to benefit from the knowledge they have acquired. Our students have access to over 21 training centres across the UK, all our centres have state of the art equipment and provide a comfortable learning environment. We work with some of the best teachers from all of the UK to ensure the highest standard of learning.

We provide a range of courses ranging from site safety training, health and safety training, health and beauty courses. All our courses help attendees make sure they get a full understanding to be able to apply what they have learnt in the work environment.

We are an established training provider and are accredited to teach the courses from recognised national examination boards. We are flexible in our training and can offer bespoke training courses to meet our client's needs.

Health and Safety courses ensure that staff can foresee hazardous situations and prevent them from occurring. We've helped thousands of people become aware of the various risks from day to day activities in the work place and helped lower accidents in the workplace.

We have the biggest selection of training centres across the country, more than any other provider. Each of our centres provide a comfortable training environment, all our centres have natural lighting, comfortable seating, air conditioning and heating. We have a total of 25 accredited centres including :

- London
- Manchester
- Birmingham
- Dublin
- Aberdeen
- Glasgow
- Leeds/York
- Southampton
- Cardiff
- Newcastle
- Nottingham
- Gatwick/Surrey
- Essex
- Nottingham
- Bristol
- Sheffield
- Norwich
- Cambridge
- Exeter/Devon
- Kent
